Your career

internet connection where you won't be disturbed. Check your mic, your video, and your Wi-Fi, to make sure that everything is in working order. We also recommend including a notebook and a pen or pencil in your gear (sometimes it's easier to scribble than type). And if you need assistive technology or any other [accommodation](#), set that up, or let us know and we'll be happy to help.

Talk through your answers to show your thinking

When we're talking with you about your work and the position in question, express your ideas, ask questions, and don't be afraid to work the problem with us. Why? Because the questions often leave room for clarification.

Are you making an assumption? Tell your interviewer that and explain why you're making that
